ROLLER SKATING GYMKHANA

The roller skating activity will take place the 21st June at 21:30h in the El Retiro park. The exact meeting point will be in the fountain of the Fallen Angel (El Ángel Caído).

This activity will last approximately two hours, and will be developed in a gymkhana format, performing different exercises and in different groups. We will have an experienced instructor and advanced level skaters who will help in whatever is needed to develop the activity.

RULES & REGULATIONS:

- A basic level of skating skills is required, which include braking and turning.
- The use of protections is mandatory.

Other considerations:

- A standard basic accidents insurance will be hired to cover the possible accidents of the participants in the Pride Games, although it is recommended that the athletes hire a sports insurance if they wish to have more coverage.
- It is necessary to arrive in advance to equip properly.
